[EPPM] Preparing for Installation

Follow

이차란(Claire)

Created : 02/28/2024 · Edited : 08/28/2024

1. Overview

- This article describes how to download the installation file used to install EPP products powered by AhnLab.

2. Content

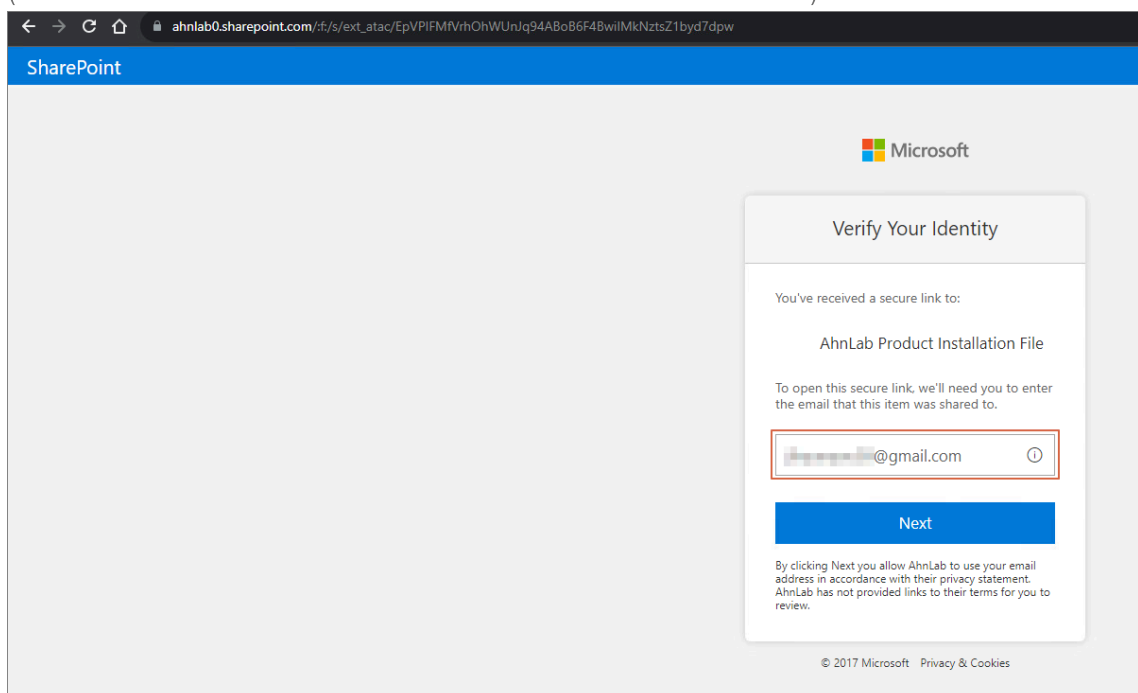

2-1) Request SharePoint Access Permission via Email

- You must request access permission for SharePoint because the installation file is provided by using Microsoft SharePoint.
- When you request the SharePoint access permission, send email with 'your company name, your name, and your email address' to sw.account@ahnlab.com.

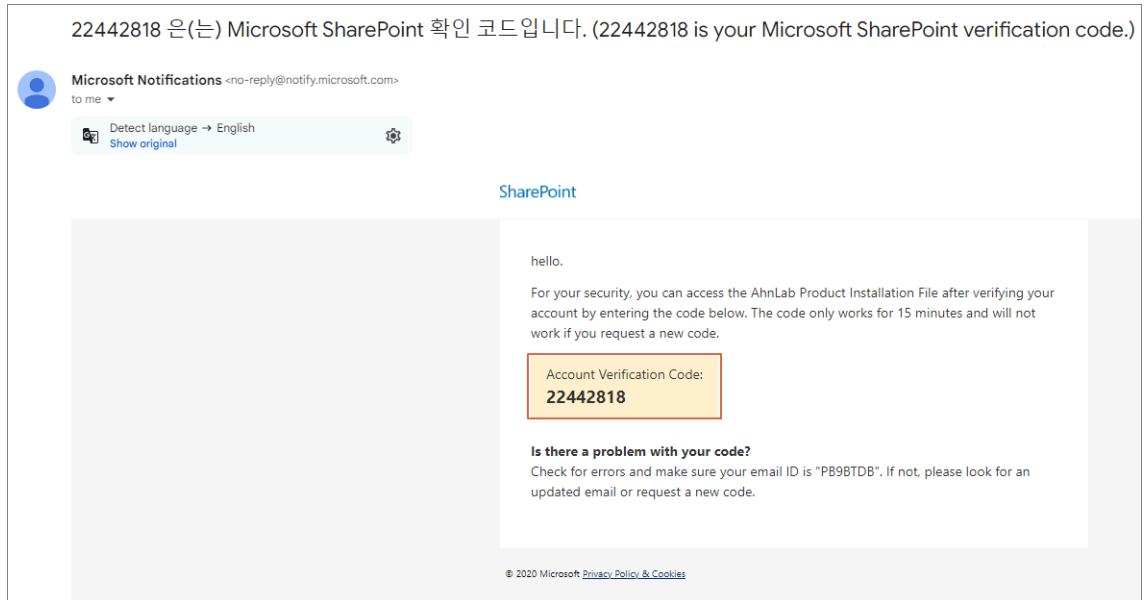

2-2) Access SharePoint

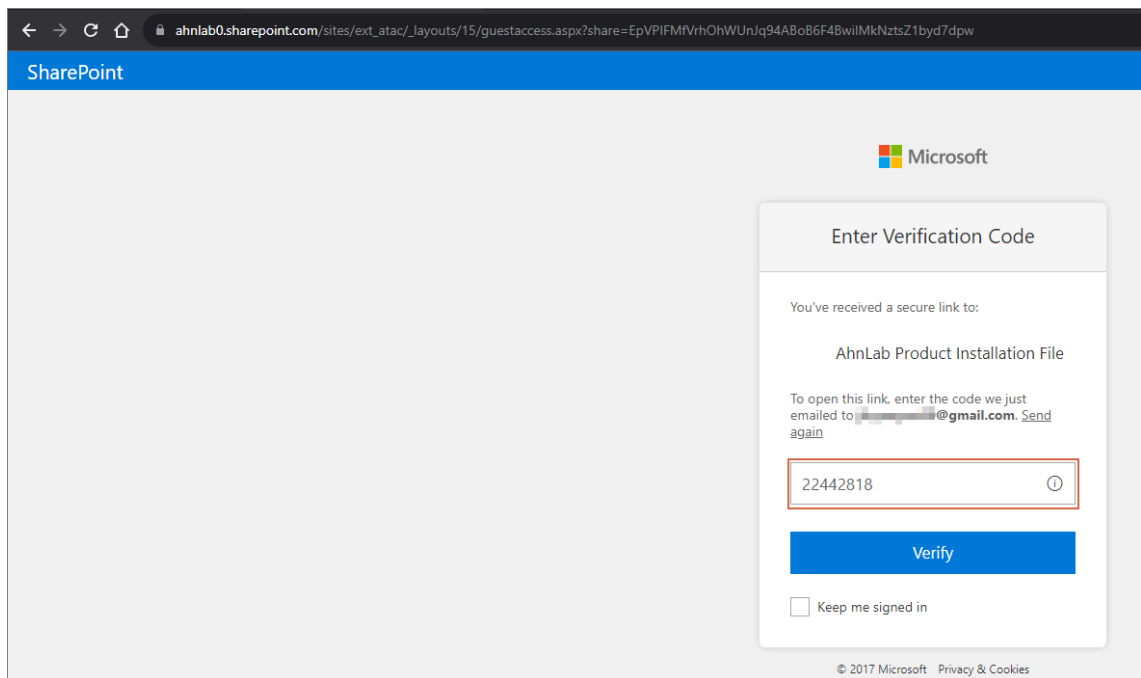

- After you receive email confirmation of the access permission from sw.edu@ahnlab.com, visit the following link.
SharePoint Link : [Sharepoint URL](#)
- When 'Verify Your Identity' window appears, enter your email address and click 'Next'.
(Enter the same email address that was used to receive this email)

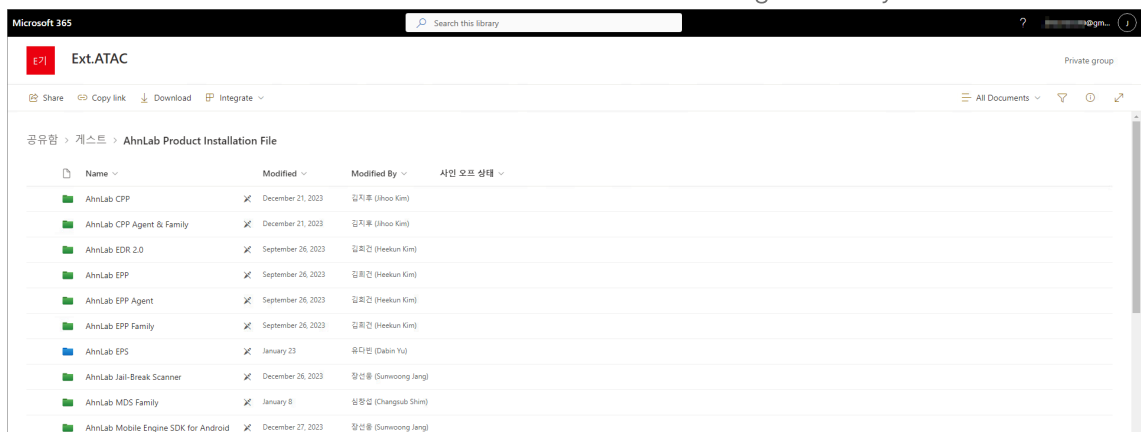

- Verify the verification code issued to the entered email.

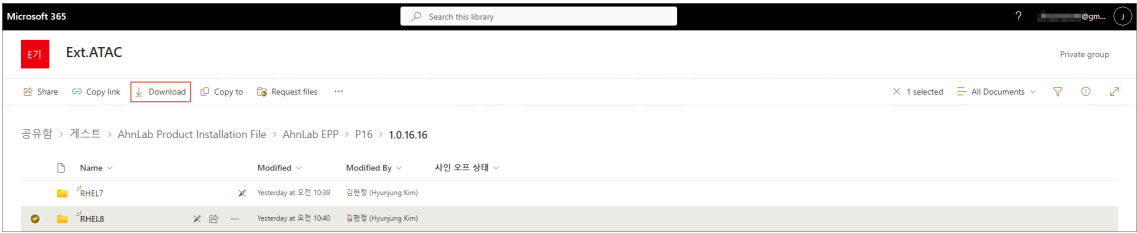

- Enter the verification code

- You can now access the 'AhnLab Product Installation File' for guests only.

- Download the required installation files

Thank Claire so much.

I will follow your instruction to get the shared point.

I will update to you as soon as I can
