[EDRA] Registering Master File

Follow

김도훈(Dean)

Created : 02/28/2024 · Edited : 04/22/2024

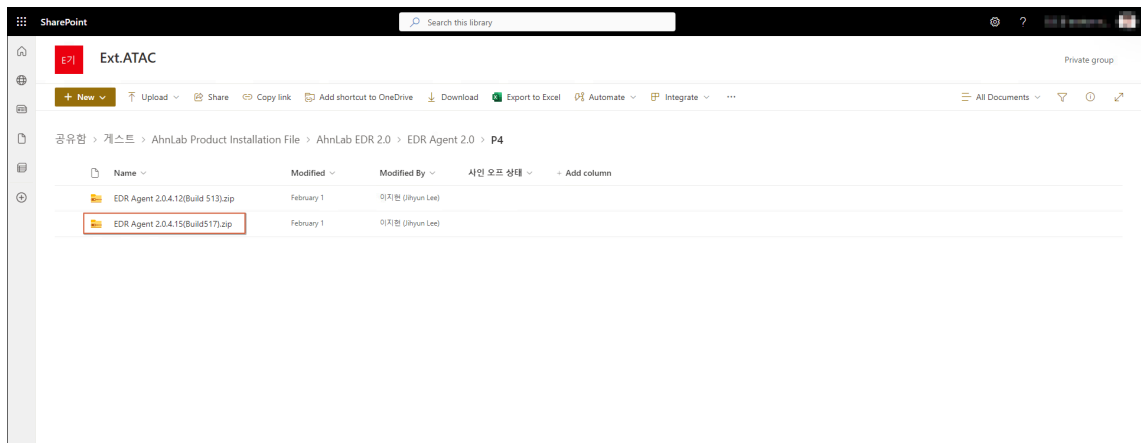

1. Overview

- This article describes how to download and install the EDR installation package powered by AhnLab.

2. Agent Installation Package

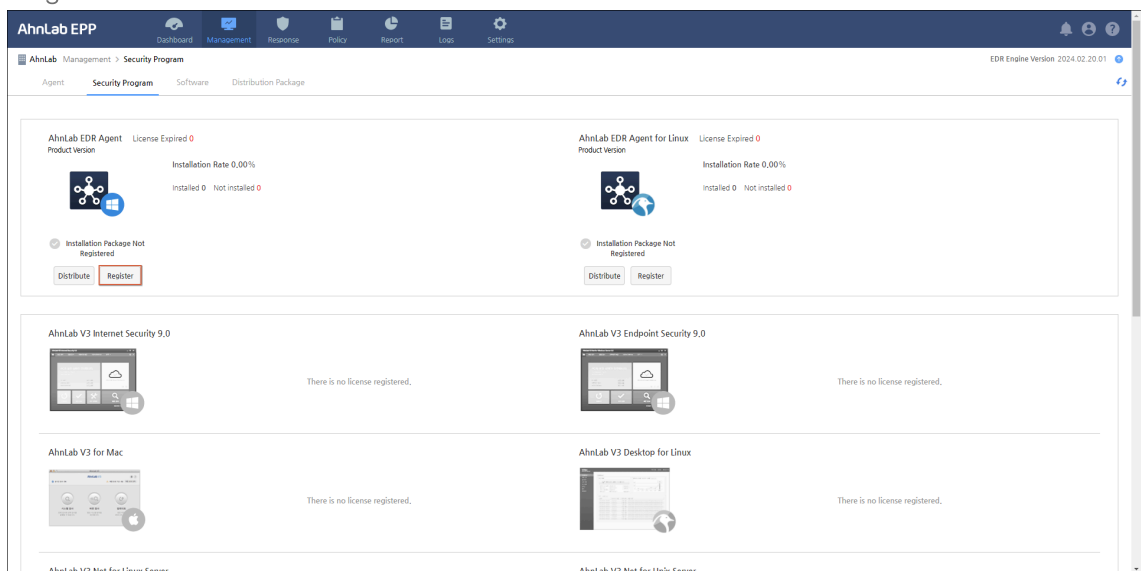

2-1) Download Installation Package

- Access SharePoint.
- Go to AhnLab Product Installation File > AhnLab EPP Agent > Windows > P16 path.
- Download 2.0.4.15 (Build 517).zip.

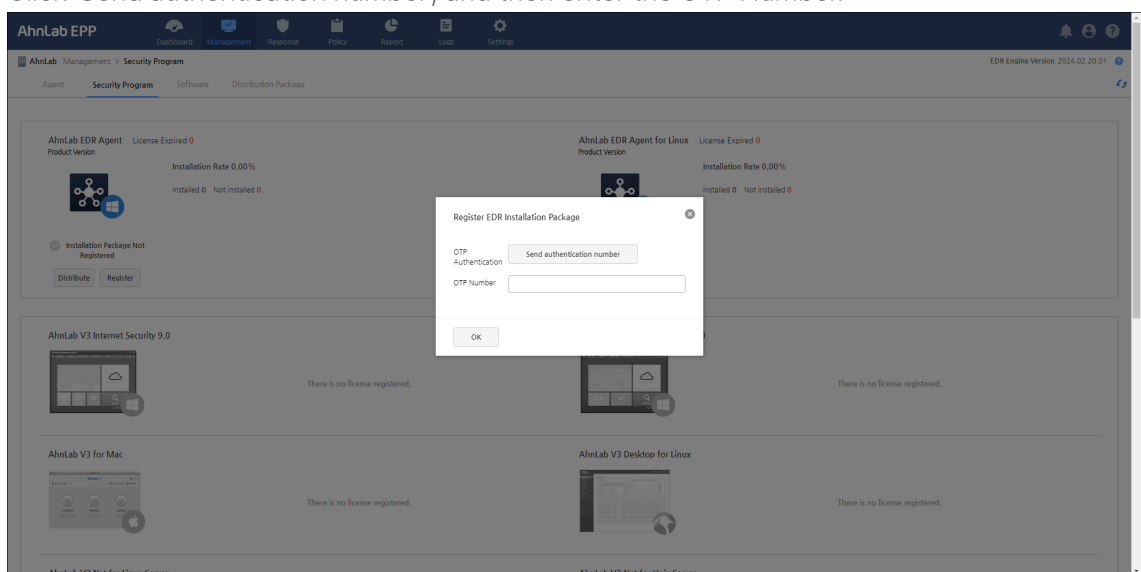

2-2) Register Installation Package

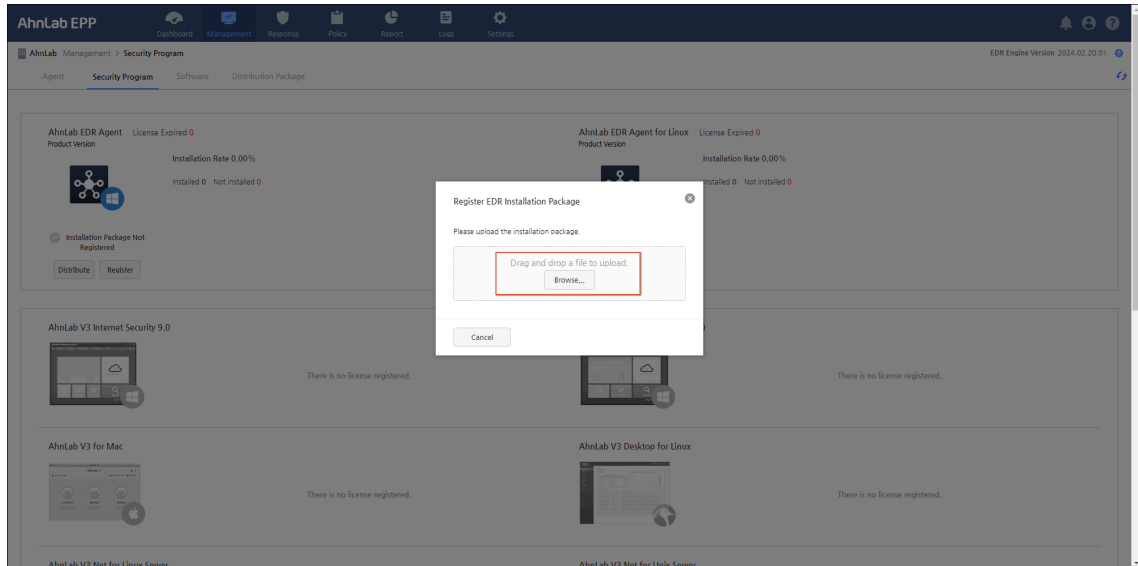

- Go to Management > Security Program > AhnLab V3 Endpoint Security 9.0, and then click 'Register'.

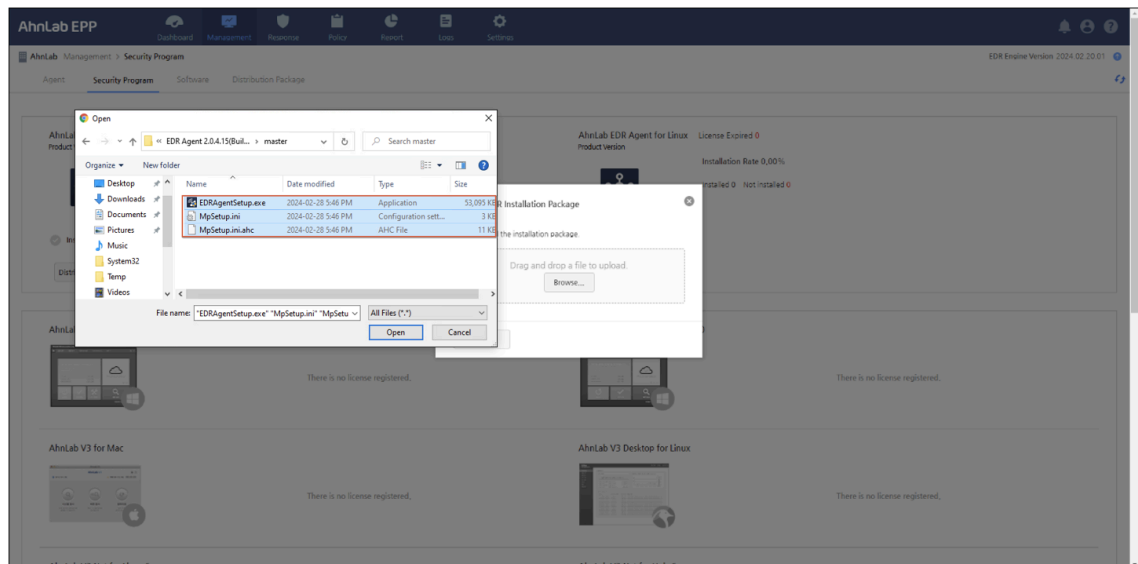

- Click 'Send authentication number', and then enter the OTP Number.

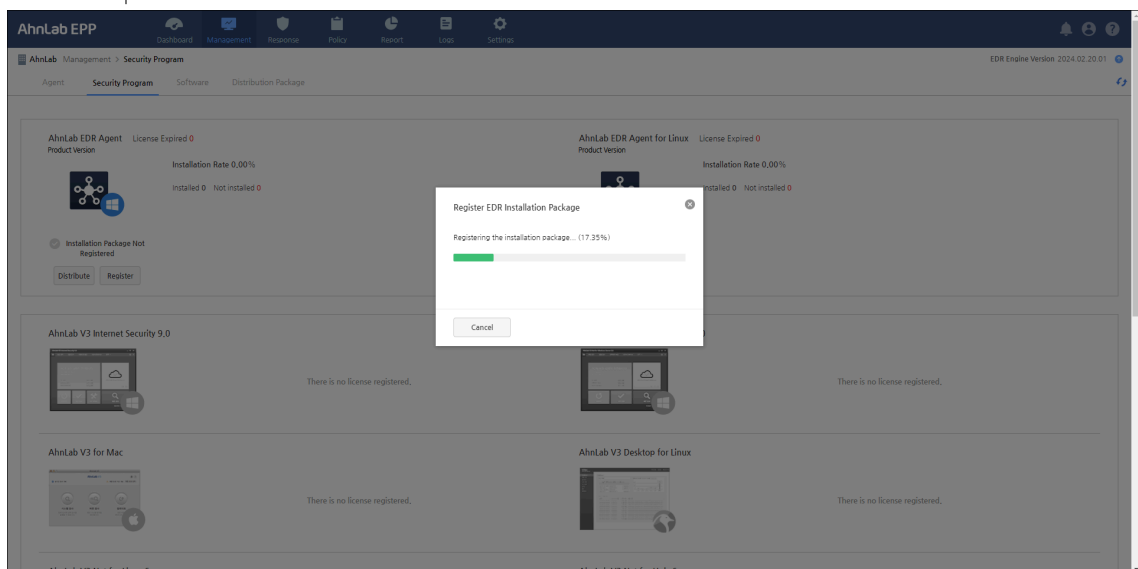

- Click on the 'Browse...' button.

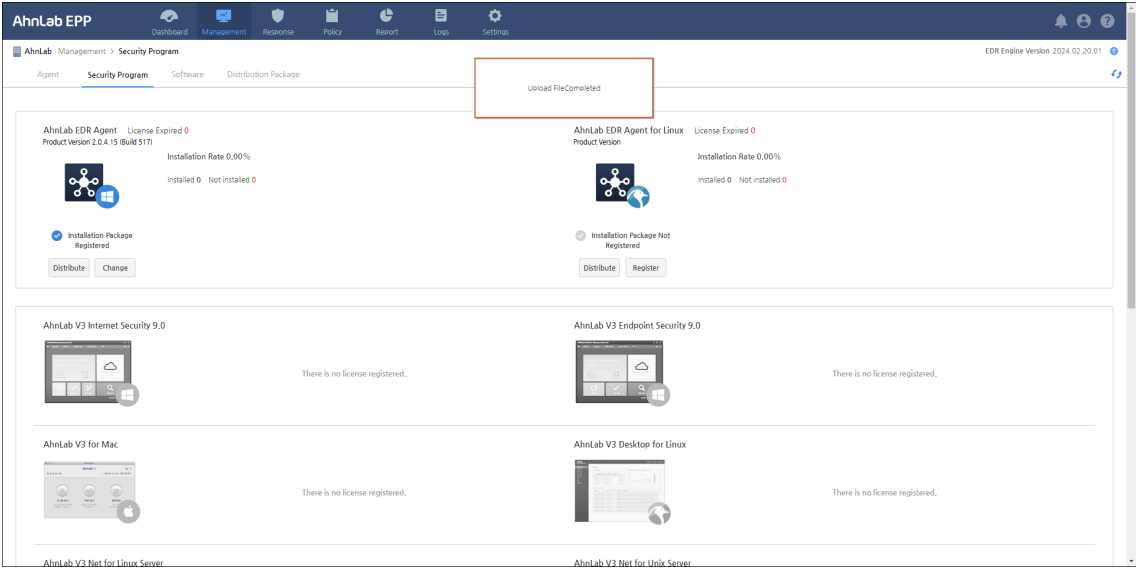

- Upload the following 3 files at once from the installation package previously downloaded.
 - Setup.exe
 - MpSetup.ini
 - mpsetup.ini.ahc

- Wait for upload.

- Close after the upload is complete.
